

OHIO TIMBER PRICE REPORT--FALL 2006

JAN. 22, 2007

The number of responses to the Timber Price Report Survey have increased over previous surveys. Comments from respondents include: "Bad and getting worse, slow not good, Red Oak lumber very slow, White Oak and Walnut lumber strong, lumber markets poor down 25%, lumber is cheap, wet, logs expensive for this time of year, strong market, wet fall; Walnut, Cherry, Soft Maple, Poplar are decent other species present a challenge to sell at a break even price; market very mixed; White Oak, Walnut, Cherry good movers, Red Oak very soft other species spotty, blocking good; Everybody wants to sell Ash, market bad for Ash, Walnut prices are good, logs hard to get, house clear cutting way down" I think that about says it. This report was funded in part by the Renewable Resources Extension Act (RREA)
